**Calm Before the Storm**

## Written Stage Briefing

Calm Before the Storm is a 16 round Virginia Count, Speed Shoot. There are 4 USPSA cardboard targets. The best 4 hits per target will score.

The start position is completely outside the shooting area, seated in chair, hands on knees, toes touching rear fault line. Firearm is loaded and lying flat on table, not propped, muzzle generally downrange. All loading devices to be used must be staged on table.

On audible start signal, engage any two targets with four rounds each, then perform a mandatory reload, and engage the remaining two targets with four rounds each from within the shooting area..

## Set-up Notes

3 ft x 3 ft grid

Overhead view

Edge of table is 1 foot away from shooting area.

### Target Detail

All targets are 5 foot high at top of shoulders. For the center array, the top of the no-shoot is 2 inches below the top of the lower A-zone perforation. The top of the bottom scoring target is 2 inches below the shoulder of the no-shoot.
